**India's largest low cost airline adds modern lift in response to strong passenger demand**

Dublin, 7th June 2016

AWAS announced today that they have delivered, on lease, one A320-200 passenger aircraft. This aircraft comes from AWAS' existing fleet and is the second of two modern, efficient, narrowbody A320ceo aircraft AWAS has delivered to IndiGo in 2016.

This delivery builds upon a relationship established with the airline in 2012 when AWAS provided a finance solution for four new A320s. One of AWAS' core competencies is the ability to quickly source on-spec aircraft that meets an airline's exacting fleet requirements.
